Mr. Sewell took the opportunity while I was with him to advise that he is President of the Burro Club, which is the Capitol Hill association of Democratic Administrative Assistants. He, as President, is interested in having a senior Agency individual address the Burro's. If available, they would like the Director, and would come to the Agency if that were desirable. Normal attendance at their sessions is about 100 individuals. I advised Mr. Sewell that the Director was not available at the present time, but that I would pass their request on in general terms, and that I would talk to him further during the week.
